@MykhailoRohoza

Thirty years ago, a photo like this could have destroyed a politician's career overnight. Today? Barely worth interrupting the news cycle.

But don't worry — I'm sure the guardians of "Christian family values" are preparing their furious statements as we speak.

Any minute now. <https://t.co/zXdkARsCQm>

READERS ADDED CONTEXT (COMMUNITY NOTE)

The image appears to be AI-generated. Clearer versions show anatomical anomalies including six fingers on the woman's hand. No major outlets, Getty, AP or Reuters have authenticated it as real. This is a private capture made by XWhisperer on the operator's own machine. It is a record of what the listed public endpoints returned at the capture time above. It is not a third-party attestation. Its evidential value rests on the raw source responses saved alongside it and the SHA-256 hashes recorded in manifest.json. X can close or change the syndication endpoint at any time.
