READERS ADDED CONTEXT (COMMUNITY NOTE)

The video is AI-generated and fabricated. It shows no real event; the Eiffel Tower summit was never occupied with multiple flags as depicted, unlike a limited May 2026 protest with one flag from the first floor. lefigaro.fr/faits-divers/p… brusselstimes.com/2135465/six-ar… x.com/RosaneBonoro/s…

This is a private capture made by XWhisperer on the operator's own machine. It is a record of what the listed public endpoints returned at the capture time above. It is not a third-party attestation. Its evidential value rests on the raw source responses saved alongside it and the SHA-256 hashes recorded in manifest.json. X can close or change the syndication endpoint at any time.
