The story of the "tortured guys" that the mob kept demanding to be brought out took on a life of its own, and when they finally came out, they honestly looked fine, confused more than anything. Note the same fake medic already dropping her mask and livestreaming. https://t.co/B5nqbfrhwx

This, by the way, is the kid who was later led out looking shocked. People kept handing him bricks and he kept throwing them. No minors were being held there. This is my video. https://t.co/TiETFrTLux

This is a private capture made by XWhisperer on the operator's own machine. It is a record of what the listed public endpoints returned at the capture time above. It is not a third-party attestation. Its evidential value rests on the raw source responses saved alongside it and the SHA-256 hashes recorded in manifest.json. X can close or change the syndication endpoint at any time.
