Count: replies	syndication=60, fxtwitter=60 (agree)

No discrepancies detected across the available sources.

This is a private capture made by XWhisperer on the operator's own machine. It is a record of what the listed public endpoints returned at the capture time above. It is not a third-party attestation. Its evidential value rests on the raw source responses saved alongside it and the SHA-256 hashes recorded in manifest.json. X can close or change the syndication endpoint at any time.
